OUR MISSION

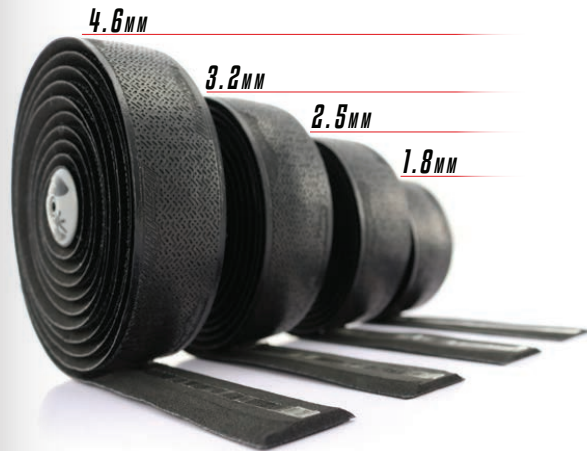

Since 1993, Lizard Skins has created products to meet the needs and wants of all cyclists. Specializing in grip, glove and protective accessories, Lizard Skins has become a global brand in the cycling industry. We now enjoy customers through our distribution channels in over 80 countries. Athlete sponsorships in cycling's top competitions has brought with it a pedigree of victories, for which we are very proud. Input from the world's top riders and our passionate employees, has allowed us to expand our products to numerous facets of cycling. Our team of cyclists can be found on the road or trail daily, putting our mission to the test: Protect the bike and rider while making the ride more enjoyable.

BAR TAPE

We know you will be amazed at the difference Lizard Skins provides over other bicycle bar tape. You'll ride in style and comfort with a variety of colors and thickness options to choose from. Each pack comes with two rolls of tape, finish strips, clamp covers, and screw in plugs. We're confident that you'll be able to ride through any type of weather conditions without compromising grip. Whether your hands get soaked in sweat or turn numb from the cold, our tape is more than just a way to add a personal touch to your bike, it's meant to keep your hands comfortable no matter what circumstances you run into.

BAR TAPE

POLYMER

Balance between comfort and durability is the key to optimum performance on any ride. The updated polymer is just that. Ride longer with our most durable and comfortable DSP ever created.

PATTERN

The best-selling pattern is now more technical with an updated design and multiple layers of depth. Realize the epitome of grip and control with the most advanced bar tape.

SCREW IN PLUG

This plug is new and improved. Our screw in plug is clean and compliments a tight finish to your newly wrapped DSP handlebars.

THIS GRIP, ALONE AND/OR IN COMBINATION WITH A HANDLE, MAY BE COVERED BY ONE OR MORE OF THE FOLLOWING US PATENTS: 5,739,894; 5,633,001; 5,649,618; 5,738,441; 5,737,813; 5,857,070; 5,885,972; 6,202,285; 6,244,075; 6,647,486; 6,476,524; 6,726,421; 6,875,028; and 7,170,568. Other US applications and foreign patents and applications pending.

HANDLEBAR GRIPS

Ride in style with our Lizard Skins handlebar grips. With thirteen different models to choose from, we guarantee that we offer a grip you'll love. Select between dual or single Lock-On grips or Slip-On versions to cover all applications. These grips are used by professionals like Danny MacAskill and Steve Peat, you can even choose from their pro models. For the Lock-On models, you can personalize your grips by engraving a name, initials, or a slogan—which gives your custom build a final touch or makes for a special gift for the cyclist in your life. The only question is, with so many color combinations, how will you personalize your grips?

HANDLEBAR ACCESSORIES

Many years ago, we made a brake lever grip out of neoprene material, to provide additional grip and comfort at that specific touchpoint. Since we've stopped production, we've had constant petitions for come-back. With extensive experience in our bar tape and gaming applications, we've brought the brake lever cover back, this time in a DSP adhesive. You have to try it to get it, there's nothing else like it. Our handlebar accessories don't stop there! Our Road Bar End Plugs are now available in all fourteen colors, individually packaged allowing you to replace or customize, improving the look of your bike.

BAGS & STORAGE

Sometimes it's just easier to have the repair items attached to your bike, that way you won't forget and have to walk home to get them. We've created four different under-seat saddle bags for you to choose from, that work for any type of rider. Whether you're an over-prepared cyclist or ride as a minimalist, we've got the bag for you. Our Tube Straps and Utility Straps offer alternative ways to attach those necessities to your bike, ensuring that we have something for all applications. We've carefully crafted these items to be robust, with the intent to cover your bike or tool investments.

BAGS & STORAGE

MICRO CACHE (SMALL) SADDLE BAG

Made to last for all your adventures with an elegant 1000D material. Premium lightweight storage for your essentials (I.E. tube, tire lever, and c02). When your ride doesn't need to be slowed down by the weight of the world.

- Water resistant 1000D material with YKK zipper
- Interior division for all your essentials
- Reflective logo, webbing to clip light
- Angled straps achieve a low profile fit
- No-snap Velcro and Amara leather limit abrasion
- Length: 16.76 cm / 6.60 in
- Width: 9.39 cm / 3.70 in
- Depth: 6.86 cm / 2.70 in
- Volume: 442.45 cu cm / 25.1 cu in

CACHE (MEDIUM) SADDLE BAG

The perfect balance between lightweight and capacity. Large enough to accommodate a spare inner tube, tire levers, multi-tool, a wallet, and keys but compact enough for any adventure.

- Water resistant 1000D material with YKK zipper
- Interior division for all your essentials
- Reflective logo, webbing to clip light
- Angled straps achieve a low profile fit
- No-snap Velcro and Amara leather limit abrasion
- Length: 18.79 cm / 7.40 inches
- Width: 9.39 cm / 3.70 in
- Depth: 7.87 cm / 3.10 in
- Volume: 537.49 cu cm / 32.80 cu in

SUPER CACHE (LARGE) SADDLE BAG

Plenty of room and durability to support you on your epic rides. If being prepared is your priority the Super Cache can carry enough to accompany you on your adventure.

- Water resistant 1000D material with YKK zipper
- Interior division for all your essentials
- Reflective logo, webbing to clip light
- Angled straps achieve a low profile fit
- No-snap Velcro and Amara leather limit abrasion
- Length: 20.83 cm / 8.20 in
- Width: 10.41 cm / 4.10 in
- Depth: 8.89 cm / 3.50 in
- Volume: 840.66 cu cm / 51.30 cu in

MEGA CACHE (X-LARGE) SADDLE BAG//NEW

Bigger is better! That is why we came up with our Mega (X-Large) version of the Cache Saddle Bag. Same great features as the other three sizes, with more volume than ever before.

- Water resistant 1000D material with YKK zipper
- Interior division for all your essentials
- Reflective logo, webbing to clip light
- Angled straps achieve a low profile fit
- No-snap Velcro and Amara leather limit abrasion
- Length: 22.86 cm / 9.0 in
- Width: 12.95 cm / 5.10 in
- Depth: 9.39 cm / 3.70 in
- Volume: 1122.51 cu cm / 68.50 cu in

BIKE PROTECTION

Protecting your bike is priority number one! Hindsight is always 20/20 when you scratch your paint. Luckily, we have solutions. Our clear frame protection will keep the high use areas of your frame pristine and looking fresh. Carbon leather is a great choice for areas needing extra protection. We've perfected the shapes and sizes to meet your needs over the years. Whether your vintage hardtail needs a fresh neoprene chainstay protector, need extra paint protection for your gravel setup, or are looking to beef up your MTB's downtube protection—we've got you covered, literally. We also have covers for shocks, forks and headsets—all made in our Utah facility.
